 - 'In- Principle' approval, after considering the recommendation of the Advisory Committee subject to fulfilment of stipulated conditions.
 - 'Final' approval after having received compliance report and ensuring its completeness.
 - **Compensatory Afforestation (CA):** Rules aims to make land availability for compensatory afforestation easier.
- The Rules have allowed CA to be undertaken in states/UTs other than one in which forest land is being diverted, de-reserved or leased.
 - **Accredited compensatory afforestation:** The purpose is to encourage people to raise vegetation on its land and sell it to persons who need to meet compensatory afforestation targets under the Act.
 - **Creation of Land Bank:** State/UT, may for purpose of Compensatory Afforestation create a Land bank under the administrative control of the Department of Forest.
- **Fly ash:**
 - Fly ash is a particulate material produced from the combustion of coal in thermal power plants.
 - It is created when the mineral impurities in the coal fuse together as they come out of the combustion chamber, then cool down and harden.
 - **Chemical composition:** Composed of silica, aluminum, iron, calcium, and oxygen. Plus, arsenic and lead can be found at trace levels.
 - 2 common types of Fly Ash

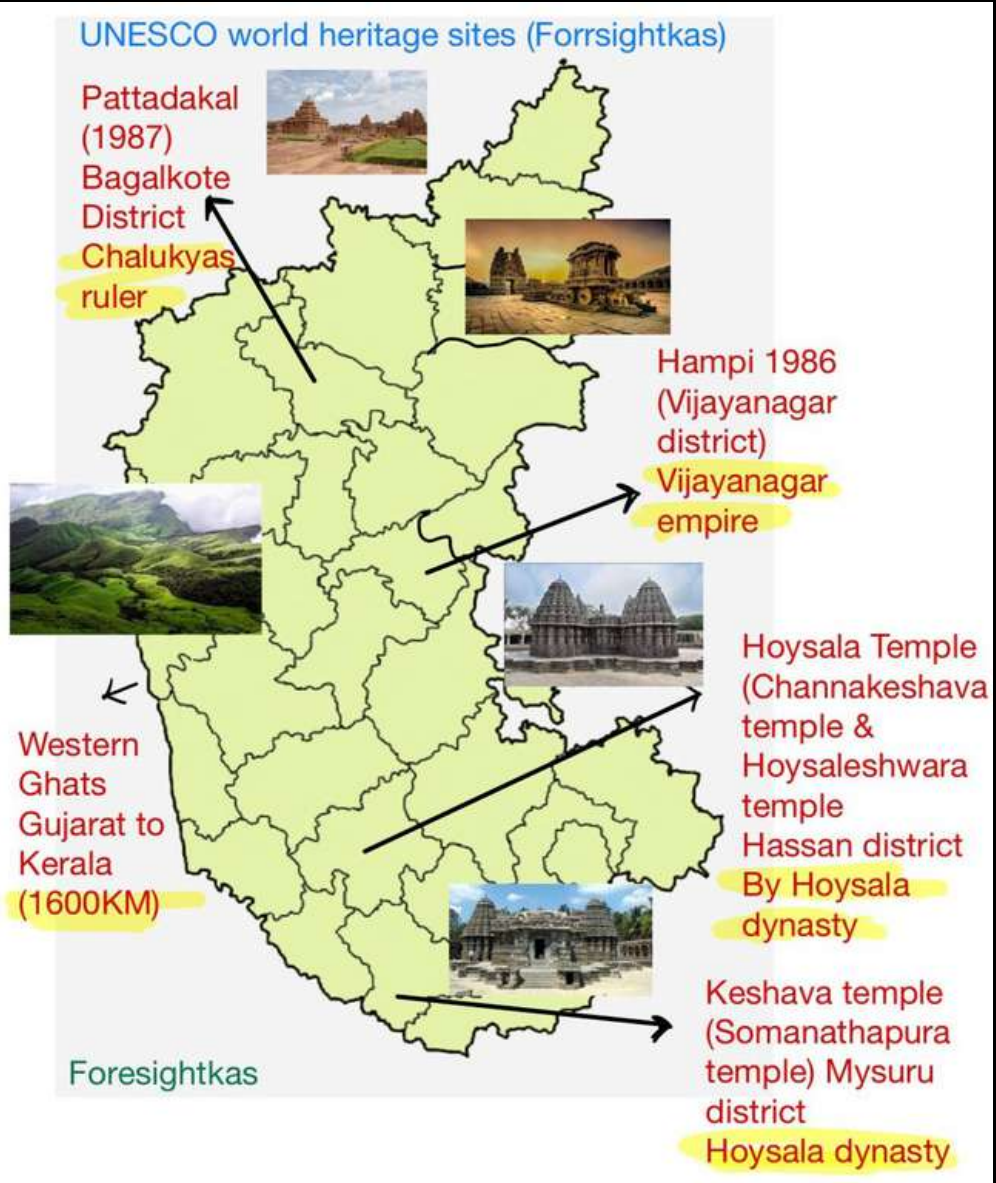

- oClass F: Low-calcium and carbon content less than 5 percent.
- Class C: High-calcium and carbon content of less than 2 percent.
- **SAMUDRAYAAN MISSION:**
 - Samudrayaan Mission is aimed to develop a self-propelled manned submersible (MATSYA 6000) to carry three human beings to a water depth of 6,000 meters for deep ocean exploration.
 - MATSYA 6000 is being developed by National Institute of Ocean Technology, Chennai.
 - It has developed 6000m depth rated Remotely Operated Vehicle (ROV) and various other underwater instruments such as Autonomous Coring System (ACS), Autonomous Underwater Vehicle (AUV) and Deep Sea Mining System (DSM) for the exploration of deep sea.
- The Ministry of Ports, Shipping, and Waterways has invited bids for the ₹41,000-crore mega International Container Transshipment Port (ICTP) at Great Nicobar. It is being planned for the Galathea Bay of Great Nicobar Island.
- **URBAN FORESTRY AND URBAN GREENING IN DRYLANDS REPORT:** BY Report was produced in framework of Food and Agriculture Organization's (FAO) Green Urban Oases Programme, launched to improve resilience of dryland cities by tackling climate, health, food and economic challenges.
- **1ST ALL INDIA ANNUAL STATES' MINISTERS CONFERENCE:**
 - 1st All India Annual States' Ministers Conference on "Water Vision@2047" was recently held in Bhopal.
 - 'Water Vision Park' was proposed to be established to promote idea of afforestation to achieve goal of water conservation.
- **NATURE RISK PROFILE (NRP):** UN Environment Programme (UNEP) and S&P Global has launched Nature Risk Profile.
- NRP is aimed at enabling financial sector to measure and address nature-related risk by providing scientifically robust and actionable analytics on nature impacts and dependencies.
- Its methodology is based on Kunming-Montreal Global Biodiversity Framework (GBF), adopted in December 2022.
- **WILDLIFE CONSERVATION BOND (WCB):**
 - Also Known as Rhino Bond, WCB is a five-year \$150m sustainable development bond, to protect and increase black rhino populations in two protected areas in South Africa.
 - WCB is an outcome-based World Bank structured bond that channels private capital to finance conservation activities.
- **ASIAN WATERBIRD CENSUS (AWC):**
 - AWC is part of global International Waterbird Census (IWC) coordinated by Wetland

- International (WI). It was initiated in 1987 in Indian subcontinent.
 - In India, AWC is jointly coordinated by Bombay Natural History Society (BNHS) and WI (global not-forprofit organisation)
- White tufted royal butterfly: It is a rare butterfly species that was spotted recently at Kalliyad (Kerala).
- NEELAKURINJI (STROBILANTHES KUNTHIANA): Ministry of Environment, Forest and Climate Change
- (MoEF) has listed Neelakurinji under Schedule III of Wildlife (Protection) Act, 1972, including it on list of protected plants.
 - About Neelakurinji
- It is a shrub that grows in the shola forests of Western Ghats in South India.
- Neelakurinji flowers bloom once every 12 years.
- Plant is named after the famous Kunthi River which flows through Kerala's Silent Valley
- National Park, where plant occurs abundantly.✓ Eravikulam National Park, near Munnar, is known for widespread blooming of kurinji.
- Blue colour of Kurinji has given Nilgiri hills its name, literally meaning Blue Mountains.
- MUNROE THURUTHU ISLAND:
- Study by National Centre for Earth Science Studies (NCESS) revealed anthropogenic interventions as main reason for sinking of Munroe Thuruthu Island.
- Almost 39% of its land area has been lost in past 2 decades.
- Island is in confluence of Ashtamudi Lake and Kallada River in Kerala.
- Island's subsidence began with construction of Thenmala dam under Kallada Irrigation Project.
- DARK SKY RESERVE:
- Talacauvery in Kodagu District, Karnataka has emerged as South India's Hanle.
- Hanle (in Ladakh) is India's first Dark Sky Reserve.
- India's first Fourth Industrial Revolution Centre on healthcare, life sciences will be set up in Hyderabad.
- BharOS is an AOSP (Android Open-Source Project) based operating system with no Google apps or services.
- It is developed by JandK Operations Private Limited, a non-profit organization incubated at IIT Madras.
 - Major difference between BharOS and Google's .Android OS is that BharOS does not ship with Google services.
- 46. Khelo India Youth Games is being held in Bhopal, Madhya Pradesh.
