**DIRECTOR**  
**Tousif Pasha, M.Sc(Agri)**  
**FORESIGHT KAS**  
**director@foresight.com**

This initiative was started with our peer group's preparation for the various competitive exams; some of them could reach into the civil service, and others could make it into KAS, ACF, PSI, FDA, PC

We have faced a number of difficulties throughout our preparation in terms of appropriate direction, time management, materials, and—most importantly—strategy.

We started this effort to include the older aspirants to help them continue the preparation, support their own preparation, and properly mentor the next aspirants based on their preparation experience and the backing of the officers.

In a digital era where access to quality preparation cannot stop the aspirants from dreaming of becoming officers, our team will give you their full efforts, and the aspirants require their double efforts to realize their dream of entering government service.

In the span of 8 years of my preparation appeared multiple exams, and rich working experience with the central government under ministry of agriculture and farmer's welfare, I completely dedicate myself for this Startup and take this opportunity into scale up and make many officers in years to come.

Join hands with me, to this righteous cause for social empowerment and together with this journey we can make impossible as possible.

## Our Mentors
